CHECK-IN PROCEDURES

Your first order of business at camp will be check-in. During check-in, you will...

- ❖ Turn in paperwork (if you have any left to submit).
- ❖ Get signed in by the adult dropping you off.
- ❖ Learn which cabin you'll be staying in.
- ❖ Designate up to two individuals who will be authorized to pick you up at the end of camp week. (These individuals will have to show photo identification at checkout. Please advise them of this.)
- ❖ Turn your medications in to the camp first aid staff.

Then, you will take your belongings to your designated cabin, meet your cabin counselors, and begin to settle in. Shortly after, we'll all meet up for a Camp-wide meeting and you'll participate in cabin meetings with your counselors.

WHEN YOU GET TO CAMP...

If you've never been to 4-H Camp before, you may be wondering just what will happen when you arrive. Here are some things you can expect...

When you arrive at camp, you will be greeted by the Extension staff, Camp Palmer staff, and a well-trained entourage of 4-H Camp counselors. These individuals will work hard to get you settled, answer your questions, and make you feel comfortable about the week ahead. You will check-in, find out which cabin you've been assigned to, and learn which bunk bed will be yours for the duration of your stay. You'll meet the others staying in your cabin and learn specifics about camp from your cabin counselors.

While your cabin mates will all be your gender and about the same age as you, your *camp family* will be made up of both boys and girls and will consist of all different ages.

Your camp family will have some responsibilities assigned to it during the week. One responsibility will be to "trot" or help serve one of the camp meals to the rest of the campers. The 4-H counselors in charge of your family will tell you when and how these things will get done.

Each day during lunch there is a different theme to dress up as, feel free to pack your best costumes! This year's Camp theme is Christmas In July!

Sunday Lunch: Santa Hat! Wear your favorite Santa Hat!

Monday Lunch: Red and Green! Dress in the 2 official colors of Christmas, red and green. Where anything red and/or green!

Tuesday Lunch: Snowman! Dress as your favorite Snowman!

A TYPICAL CAMP DAY...

Camp days start at about 7 a.m. daily and end with lights out between 10 and 11 p.m.

Each morning starts off with a delicious breakfast, and announcements. Then, there's a little time to get dressed for the morning's activities and clean cabins. The majority of the morning is spent in a "camptivity" or activity area.

After lunch, campers choose one or two additional camptivities to participate in. The number of camptivity periods varies depending on what is planned for the evening.

Camptivities vary each day (and sometimes from morning to afternoon). This gives campers lots of different options to choose from. Camptivities include things like: canoeing, kayaking, archery, rock climbing, flying squirrel, doing challenge hikes, swimming, playing games, and doing crafts.

There's a rest period after lunch each day (AKA "boots off"), and an open swim for the whole camp to cool off in the middle of the afternoon.

Following dinner each night, campers return to their cabins to get dressed for evening activities. Evening programs are led primarily by county 4-H counselor teams. Each evening program includes a snack.

CABIN BUDDY REQUESTS

Each year, a number of campers request cabin assignments with friends. These requests are honored on a limited basis.

Understand that cabins are assigned first and foremost based on gender and age. Cabins are also assigned with the intent of encouraging campers to meet and make new friends.

If gender and age requirements can be met, requests are addressed. Realize that you are never guaranteed your request; and requests by multiple people wanting to stay together cannot all be accommodated.

DO NOT BRING:

Flip flops, jewelry, personal snacks, radios, electronic games, pocketknives, high value items, or chewing gum.

Be aware that campers' belongings will be discreetly checked over the first night of camp. Any items that are deemed inappropriate for campers to keep in their cabins will be taken from them. They will be returned to parents/guardians (if present at the time of the search) or may be picked up by an adult at the conclusion of camp at the checkout table.

It is our intention to take every step possible to insure the safety of our campers and the well being of their "stuff." We ask that parents and guardians help us in this endeavor by checking over their campers' belongings and discussing proper treatment of others' belongings before coming to camp.

NO LEAVE/PHONE POLICIES

Campers are not allowed to leave camp for activities such as ball games, etc. Making special arrangements for individuals compromises the services being provided for the group as a whole.

While at camp, campers will not be allowed to call home or accept calls from home unless there is an emergency. **Campers are absolutely prohibited from bringing cell phones to camp with them.** Phone communication with home increases the risk of homesickness both for campers making the calls and campers watching calls be made. If cell phones are discovered, they will be confiscated. **Please respect this rule as it is made for the safety of all campers.**

TIMES TO BE AWARE OF

Camper check-in on **July 27 will be from 6-7p.m.** Campers should eat dinner before traveling to camp. Dinner will not be provided that evening. However, a snack will be served.

Camper check-out on July 31 will be from 11am-12noon.

BRINGING MEDICATIONS?

Be aware that all medications brought to camp will have to be directly turned in to the camp first aid staff during check-in.

Please package medications in zip-style bags with the camper's full name clearly written on the outside in permanent marker. If the medication requires refrigeration, please say this on the bag, as well. If you have multiple medications for one camper and some require refrigeration, but others do not; please pack two bags to keep them separate. Please put a brief note of explanation inside each bag confirming what conditions the medicines have been prescribed for.

Our camp first aid staff will have basic medications and ointments available at the first aid station for campers that need them. This includes anti-itch lotions, aspirin, Tylenol, antihistamine, etc. Please do not send such medications to camp with your child. Of course, these types of remedies will only be used for your child if you have given your permission on the Medical Form.
